

Since I registered my phone number with the Do Not Call list, the number of telemarketing calls I receive to my home has diminished greatly. Please leave this service intact and take appropriate action to maintain this privilege that so many people now enjoy. The Do Not Call system gives us all privacy and peace of mind in our homes, knowing that with this service, our personal lives will not be invaded by telemarketers and unwanted solicitations. This service frees up my phone for uses I chose, not uses that some marketing campaign dreams up for their own gains and purposes. Please continue to leave this system in place. It is effective and worthwhile for all Americans.
